MAKING PIANO LESSONS COVID-19 SECURE

All lessons will be individual lessons to allow for distancing. There will be no shared lessons.

The piano keyboard will be cleaned before every lesson. Gaps have been built into the teaching timetable to allow for this.

Children must wash their hands or use hand sanitiser at the beginning and end of the lesson. The teacher will also do so.

The teacher will wear a mask and will sit at least 1m away from the piano at all times.

If duets are being played, the teacher will play her part on a separate electronic keyboard.

Every child must use their own piano book. No books will be shared.

A window will be open in the teaching room at all times to aid ventilation.
